

SIOUXLAND REGIONAL
TRANSPORTATION PLANNING
ASSOCIATION
REGION 4

FY 2023
(JULY 1, 2022 - JUNE 30, 2023)
**TRANSPORTATION
PLANNING WORK PROGRAM**

SIOUXLAND INTERSTATE METROPOLITAN
PLANNING COUNCIL

THE PREPARATION OF THIS TRANSPORTATION PLANNING WORK PROGRAM WAS FINANCED IN PART THROUGH
FEDERAL FUNDS PROVIDED BY THE U.S. DEPARTMENT OF TRANSPORTATION, FEDERAL HIGHWAY
ADMINISTRATION, AND/OR FEDERAL TRANSIT ADMINISTRATION

Final
Approved: 5.26.22

ACKNOWLEDGMENTS

Policy Board Members

Rhett Leonard, Chair	Supervisor	Ida County, Iowa
Gary Horton, Vice Chair	Supervisor	Plymouth County, Iowa
Mike Donlin	Council Member	City of Le Mars, Iowa
Bryan Petersen	Supervisor	Cherokee County, Iowa
Vince Phillips	Supervisor	Monona County, Iowa
Keith Radig	Supervisor	Woodbury County, Iowa
Craig Schmidt	Mayor	City of Cherokee, Iowa

Technical Advisory Committee Members

Jeff Williams, Chair	Engineer	Ida County, Iowa
Tom Rohe, Vice-Chair	Engineer	Plymouth County, Iowa
Curt Miller	Director	Siouxland Regional Transit System
John Meis	Engineer	City of Cherokee, Iowa
Sarah Tracy	Engineer	Cherokee County, Iowa
Jason Vacura	City Administrator	City of Le Mars, Iowa
Dustin Wallis	Engineer	Monona County, Iowa
Mark Nahra	Engineer	Woodbury County, Iowa

Policy Board & Transportation Advisory Committee Non-Voting Members

Darla Hugaboom	Federal Highway Administration – Iowa
Daniel Nguyen	Federal Transit Administration – Region VII
Dakin Schultz	Iowa Department of Transportation

Siouxland Interstate Metropolitan Planning Council Staff

SUMMARY	18

INTRODUCTION

The Siouxland Interstate Metropolitan Planning Council (SIMPCO), as the Siouxland Regional Transportation Planning Association (SRTPA), has developed a **Transportation Planning Work Program (TPWP)** for the Regional Planning Affiliation 4 (hereinafter referred to as the “Region 4”) consisting of the cities of Le Mars and Cherokee, Iowa, and the counties of Cherokee, Ida, Monona, Plymouth, and Woodbury, Iowa. This TPWP was put together under the direction of the Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Iowa Department of Transportation (Iowa DOT), as a requirement of the Infrastructure Investment and Jobs Act (IIJA) of 2021. The IIJA Act was signed by the President on November 15, 2021. IIJA Act provides federal funding authorizations for the highway network, highway safety, alternative modes, and mass transportation through Fiscal Year 2026. The IIJA builds on the foundation set by the past transportation bills, the Intermodal Surface Efficiency Act of 1991 (ISTEA) and the Transportation Equity Act for the 21st Century (TEA-21), the Safe Accountable Flexible Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) Moving Ahead for Progress in the 21st Century Act (MAP-21) and Fixing American’s Surface Transportation Act (FAST).

The purpose of the *SRTPA Transportation Planning Work Program FY 2023* is to provide all citizens of Region 4, the FHWA, FTA and Iowa DOT with the SRTPA multimodal and intermodal transportation planning work program, including the objectives and budget for fiscal year 2022. Preparation of the TPWP consisted of compiling background information provided through the U.S. Census, U.S. DOT, Iowa DOT, and other named sources. The SRTPA was responsible for the preparation of this TPWP, with guidance given by local and county officials, the SRTPA Technical Advisory Committee (TAC), Policy Board, and through citizen input. The information in this program represents a continuing planning process that will be reviewed and modified annually. The purpose of a TPWP is to serve as a guiding document of information addressing current and projected transportation needs for Region 4 from a planning perspective. This TPWP will be used as a means of identifying areas of need and developing a means of addressing such.

The information contained in the following pages will provide a better understanding of the SRTPA transportation planning work program as it is today. Decisions made with this planning process utilize current transportation network characteristics, current and projected social, physical, environmental, and economic characteristics, as well as various local and county citizen participation, and local official involvement. Several local and regional meetings and a public input period were held throughout the development of the *SRTPA Transportation Planning Work Program FY 2023* to encourage and receive a diversity of information and participation. Some highlights of the FY 2023 TPWP include updating the Public Participation Plan, assisting rural communities with bicycle/pedestrian planning, updated planning boundaries and reviewing the Federal Functional Classification system as census data is release.

PLANNING FACTORS

The IIJA continues previous planning requirements by specifying ten factors that must be considered in the IIJA, reinforce the link between policy goals and planning, and establish broader relationships between transportation planning and other planning activities, such as land use, growth management, and air quality compliance. They are also intended to expand the role of transportation planning, facilitate the development of a more balanced transportation system, and increase the efficiency of the system. The chart below shows which elements of this TPWP support these ten planning factors:

1. Support the economic vitality of the United States, the States, metropolitan areas, and nonmetropolitan areas, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase the accessibility and mobility options available to people and for freight;
5. Protect and enhance the environment, promote energy conservation, and improve quality of life and

promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns;

6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation;
8. Emphasize the preservation of the existing transportation system;
9. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation; and
10. Enhance travel and tourism.

TPWP Element	Planning Factor									
	1	2	3	4	5	6	7	8	9	10
Element A: TPWP										
Element B: TIP		x	x	x		x	x	x	x	
Element C: Public Participation										
Element D: Long Range Planning	x	x	x	x	x	x	x	x	x	x
Element E: Short Range Planning		x	x	x	x	x				x
Element F: Administration										

PLANNING EMPHASIS AREAS

Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) have jointly issued Planning Emphasis Areas. These topical areas are meant to provide emphasis to planning topics where FHWA and FTA want States and planning agencies to focus their planning efforts. The chart below shows which elements of this TPWP support these eight Planning Emphasis Areas:

1. Tackling the Climate Crisis – Transition to a Clean Energy Resilient Future

The SRTPA Transportation Planning Work Program (TPWP) supports this emphasis area by incorporating short and long-term activities to reduce emissions and support a transition to clean energy alternative. A few notable examples of such activities including supporting the exploration of electric vehicles by Siouxland Regional Transit System, supporting active transportation initiatives through bicycle infrastructure planning and working with the DOT on a Statewide Electric Vehicle Infrastructure Deployment Study.

2. Equity and Justice in Transportation Planning

The SRTPA TPWP supports this emphasis by developing and maintaining the Public Participation Plan and communicating SIMPCO documents, studies, activities, amendments, etc, to be inclusive in nature. A few notable examples of various ways to support inclusion include maintaining a listserv that includes metro-wide service organizations that cater to underserved, underrepresented populations to ensure SIMPCO is reaching a full representation from SRTPA communities, making them aware of

pertinent discussions, public input opportunities, and options to participate.

3. Complete Streets

The SRTPA Transportation Planning Work Program supports this emphasis area by supporting the adoption of complete streets policies by SRTPA communities, and by participating in various city committees to monitor and encourage the implementation of such policies. The SRTPA worked with the several communities including Movable, Lawton and Pierson to develop Safe Routes to Schools which includes complete streets.

4. Public Involvement

The SRTPA Transportation Planning Work Program supports this emphasis area by developing and maintaining the Public Participation Plan. Example activities to support public input include in-person and written communication, virtual/electronic public input options, and can include language interpretation assistance when requested. Due to safety concerns during the COVID-19 pandemic, SIMPCO moved all committee and board meetings to be held virtually and a hybrid virtual option is still readily available and offers greater accessibility to the public.

5. Strategic Highway Network/U.S. Department of Defense Coordination

N/A

6. Federal Land Management Agency Coordination

N/A

7. Planning and Environment Linkages

The SRTPA Transportation Planning Work Program supports this emphasis area by including an environmental chapter in the SRTPA Long Range Transportation Plan which includes environmental mitigation activities centered around threatened and endangered species, conservation recreational lands and cultural areas, conservation wetlands, and protected streams and rivers. The chapter also identifies the coordination efforts of the SRTPA staff to work with state and local agencies responsible for land use management, natural resource, environmental protection and historic preservation.

8. Data in Transportation Planning

The SRTPA Transportation Planning Work Program supports this emphasis area by maintaining a robust database of transportation network, economic, demographic, and geographic information system information. SRTPA staff participates in a wide range of geographic information system work groups and associations and takes full advantage of trainings by several organizations to further learn and share new skills. Data and analysis tools are available to SRTPA members.

TPWP Element	Emphasis Areas							
	1	2	3	4	5	6	7	8
Element A: TPWP								
Element B: TIP		x	x	x				x
Element C: Public Participation		x		x				
Element D: Long Range Planning	x	x	x	x			x	x
Element E: Short Range Planning		x	x	x				x
Element F: Administration		x		x				

PLANNING GOALS

The 2045 Long Range Transportation Plan of the SRTPA outlined a series of goals and objectives and helps to provide guidance while developing this Transportation Planning Work Program. These goals include:

1. **Goal: Mobility** – Develop, maintain and enhance the most effective and efficient transportation system for the movement of people and freight in the RPA region.
2. **Goal: Safety** – Promote and implement transportation system improvements for all modes that minimize the occurrence of and potential crashes that might result in the loss of health, life and property.
3. **Goal: Security** – Promote and implement transportation system improvements for all modes maximizing security of the transportation system.
4. **Goal: Environment** – Preserve and enhance the Siouxland RPA regions unique and natural environmental features by protecting the integrity of air, land, water, energy, cultural, and aesthetic resources.
5. **Goal: Economic Development** – Promote the balance and sustained economic growth of the RPA region through the fast and efficient movement of goods and people in a safe, energy efficient, and environmentally sound manner.
6. **Goal: Fiscal Responsibility** – Utilize available personnel and financial resources efficiently, ensuring that the transportation system meets the users’ needs in a timely fashion and remains financially stable.
7. **Goal: Accessibility** - Develop a transportation system that is reliable and accessible to all potential users.
8. **Goal: Connectivity/Compatibility** - Encourage and implement system improvements which promote the efficient and effective movement of people and goods by integrating and linking various modes of transportation and plans, enabling users’ access to the entire planning area.

TRANSPORTATION SYSTEM STRENGTHS & WEAKNESSES

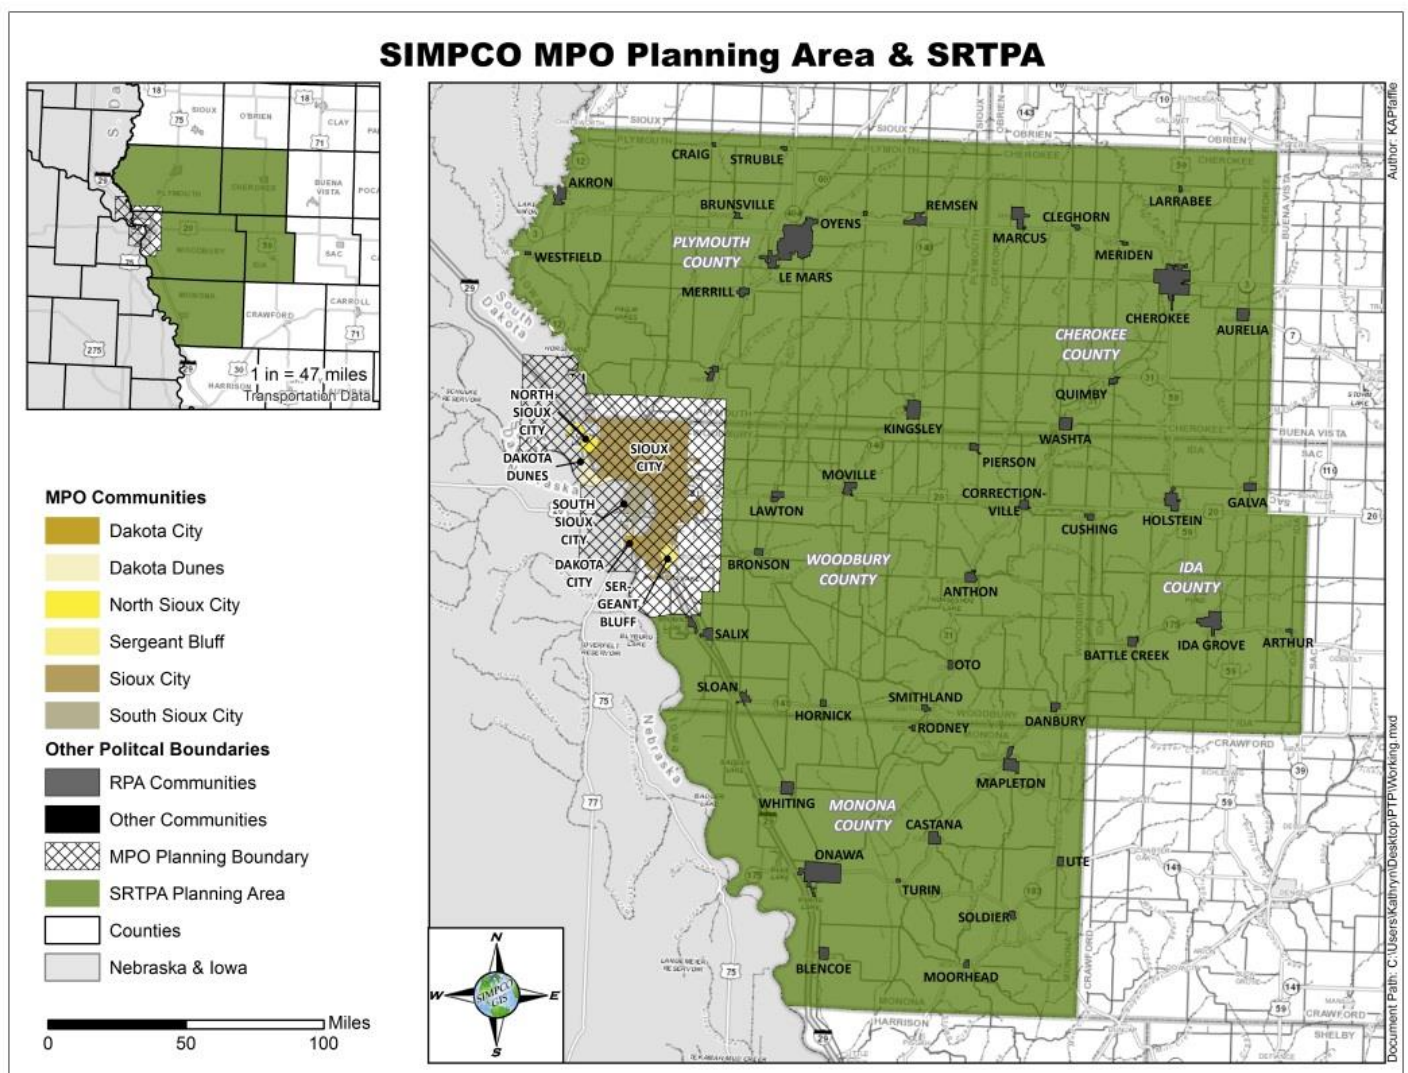

The 2045 Long Range Transportation Plan identified the following strengths and limitations in the existing transportation system. This assessment offers an understanding of future needs that can be used for consideration during development of the Transportation Planning Work Program.

Strengths:

- High mileage amongst SRTPA's major four-lane roads exists, which majority are new and/or in good condition.
- SRTPA has good rail capacity with expansion and upgrade (higher speeds for example) being feasible at a moderate cost.
- General and Local Service airports are adequately distributed throughout the SRTPA region. Several Commercial Service airports are in close vicinity to the region as well.
- Dependent on water levels, SRTPA has moderate access to waterborne transportation to facilitate commerce.

Weaknesses:

- The region has a lot of bridges, many in need of replacement or rehabilitation.
- The region has a lot of low volume county roads and state roads many in need of rehabilitation.
- The trail system is extensive within towns but connectivity could be improved.

S RTPA WORK ELEMENTS

The IJA emphasizes transportation planning activities at both the state and regional levels. There is a federal requirement for a statewide and non-metropolitan planning process, in which state of Iowa created the Regional Planning Affiliation process to help carry out this federal requirement. Both state and Regional Planning Affiliations are required to prepare 20-year long-range transportation plans. The S RTPA developed objectives for the multimodal and intermodal transportation planning within Region 4. The objectives were developed from citizen participation, city and county representation, the Iowa DOT, FTA, FHWA, and from a list of transportation priorities developed by the Technical Advisory Committee. These S RTPA objectives were developed to provide a foundation of fully integrated, economically feasible, and efficient means of transportation planning within Region 4, and as it relates to Iowa.

ELEMENT A: TRANSPORTATION PLANNING WORK PROGRAM (TPWP)

2 %

- TPWP/Budget
- Progress Reports/Reimbursements

OBJECTIVE:

Prepare, monitor and maintain a Transportation Planning Work Program for the S RTPA.

FY 2022 ACCOMPLISHMENTS:

- S RTPA Transportation Planning Work Program FY 2023 produced and approved in May 2022; and
- Prepared quarterly progress reports and associated reimbursement requests to the Iowa DOT.

FY 2023 ACTIVITIES:

Unless otherwise noted, S RTPA performs the work on the listed tasks of each work element.

- Maintaining and monitoring the FY 2023 Transportation Planning Work Program and budget, and amending the work program and budget as needed;
- Preparing quarterly progress reports that document activities accomplished and associated with the FY 2023 work elements; and
- Preparing a FY 2024 Transportation Planning Work Program and budget.

ANTICIPATED FY 2023 WORK PRODUCTS:

Unless otherwise noted, S RTPA performs the work on the listed tasks of each work element.

- Quarterly progress reports and reimbursement requests to the Iowa DOT (*ongoing*); and
- S RTPA Transportation Planning Work Program FY 2024 to be produced and approved by June 2023.

Total Hours: 36

Total Federal: \$2,275

Total Local: \$569

Total Budget: \$2,843

ELEMENT B: TRANSPORTATION IMPROVEMENT PROGRAM (TIP) 20%

- Surface Transportation Block Grant Program (STBG)
- Transportation Alternatives Program (TAP)
- Iowa SWAP Program
- Transportation Improvement Program Document
- Amendments and revisions to Transportation Improvement Program Document

OBJECTIVE:

Keep the SRTPA Transportation Improvement Program accurately up to date. This implies getting the Policy Board and Technical Advisory Committees to continually allocate scarce transportation funds for planned upcoming projects on a yearly basis and making adjustments as priorities and resource availability changes.

FY 2022 ACCOMPLISHMENTS:

- The production of the *SRTPA Transportation Improvement Program FY 2022-2025*;
- Amended and revised the *SRTPA Transportation Improvement Program FY 2022-2025*;
- Updated the STBG/TAP Request for Proposals applications;
- Solicitation, project review, and project funding recommendations for the STBG and TAP Request for Proposals for the *FY 2023-2026 Transportation Improvement Program*;
- Monitored eligible projects from STBG funding to the Iowa DOT SWAP program;
- Utilized the TPMS system to develop the *SRTPA Transportation Improvement Program FY 2023-2026*; and
- Monitor and maintain the *FY 2022-2025 TIP* and the *FY 2023-2026 TIP*.

FY 2023 ACTIVITIES:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Continue to monitor the STBG/TAP/Iowa SWAP Funds programmed in the TIP through project status reports and through communication with the Iowa DOT;
- Maintaining, revising, and amending, as necessary, the *SRTPA FY 2023-2026 TIP*;
- Solicitation, project review, and project funding recommendations for the STBG and TAP Request for Proposals for the *FY 2024-2027 Transportation Improvement Program*; and
- Preparing a *FY 2024-2027 TIP*, coordinating and being consistent with the Iowa DOT's *Statewide Transportation Improvement Program (STIP)* using the Transportation Program Management System (TPMS).

FY 2023 WORK PRODUCTS:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Evaluate status of FY 2023 transportation improvement projects (*ongoing*);
- Finalize *SRTPA Transportation Improvement Program FY 2023-2026* using TPMS (*July 2022*);
- Prepare *SRTPA Transportation Improvement Program FY 2024-2027* using TPMS (*April 2022*);
- Review *Statewide Transportation Improvement Program FY 2023-2026* and make comments;
- Amend and revise *SRTPA Transportation Improvement Program FY 2023-2026* using TPMS (*ongoing*);
- Administer STBG and TAP candidates (*January/February 2023*);
- Monitor eligible projects from STBG funding to the Iowa DOT SWAP program;
- Incorporate the FY 2027-funded STBG and TAP projects in the draft *FY 2024-2027 TIP (April 2023)*; and
- Evaluate status of FY 2023 transportation improvement projects (*ongoing*).

Total Hours: 365

Total Federal: \$22,746

Total Local: \$5,687

Total Budget: \$28,433

ELEMENT C: PUBLIC PARTICIPATION PROCESS (PPP) 20%

- Public Involvement

OBJECTIVE:

As per the requirements of the IJJA Act; ensure that the public is kept duly informed and involved in regional transportation planning.

FY 2022 ACCOMPLISHMENTS:

- Updating and improving SRTPA information on the SIMPCO website;
- Describe SRTPA activities through the SIMPCO newsletter;
- Maintaining and updating the SRTPA list serve;
- Hosted meetings, posted notices in the news media regarding transportation planning activities, encouraged comment via website, newsletters, social media etc.;
- Conducted a 15-day comment period for the *Siouxland Regional Transportation Planning Association (SRTPA) Transportation Planning Work Program FY 2023* (March – May 2022); and
- Conducted a 15-day comment period for the Transportation Improvement Program FY 2023-2026 (June 2022).

FY 2023 ACTIVITIES:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Attend public information meetings for transportation improvement studies (*as needed*);
- Conduct a 15-day comment period for the *SRTPA Transportation Planning Work Program FY 2024* (February-May 2022);
- Conduct a public hearing and 15-day comment period and public meeting for the *SRTPA Transportation Improvement Program FY 2024-2027* (April-June 2023);
- Continue to develop and expand SRTPA databases for public participation particularly low-income and minority groups and individuals to assess the benefits and burdens of transportation improvements (*continuous*);
- Amend and revise the SRTPA Public Participation Plan (*as needed*);
- Draft the FY 2023 Public Participation Plan update (*July – November 2022*);
- Describe SRTPA activities through the SIMPCO newsletter (*continuous*);
- Develop SRTPA materials for posting on the SIMPCO web page for better information dissemination (*continuous*);
- Examine options for displaying SIMPCO Geographical Information System (GIS) data on the web page (*continuous*);
- Update SIMPCO Web Page to display TPWP, PPP, LRTP, TIP, SRTPA Policy Board and TAC meeting agendas and minutes, and various past and present plans and studies for SRTPA (*continuous*); and
- Continue to use social media to gain public participation in the transportation planning process.

ANTICIPATED FY 2023 WORK PRODUCTS:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Updated MPO Public Participation Plan
- Continue to update SRTPA information on the SIMPCO website, Facebook and Twitter (*ongoing*);
- SIMPCO newsletters (*ongoing*); and
- A current SRTPA list serve (*ongoing*).

Total Hours: 365

Total Federal: \$22,746

Total Local: \$5,687

Total Budget: \$28,433

ELEMENT D: LONG-RANGE TRANSPORTATION PLAN (LRTP) 15%

- Long Range Transportation Plan
- GIS Based Data
- Federal Functional Classification
- Socioeconomic and Demographic Data

OBJECTIVE:

Maintenance of the 2045 SRTPA Long Range Transportation Plan, including committing resources for maintaining, updating databases and participation in the statewide travel demand modeling to ensure completing long-range transportation plan responsibility.

FY 2022 ACCOMPLISHMENTS:

- Continual work on data collection and upkeep such as land use changes, socioeconomic changes etc. in the SRTPA's planning area; and

FY 2023 ACTIVITIES:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Analyze socioeconomic changes and land use proposals since the LRTP's adoption (*continuous*);
- Analyze traffic pattern changes and construction proposals since the LRTP's adoption (*continuous*);
- Analyze traffic volumes for the past 12 years and incorporated the data into the SIMPCO Geographical Information System (GIS) (*continuous*);
- Assist each of the member communities with the development of priority lists for future planning of transportation improvements (*continuous*);
- Conduct public hearings and informational meetings for the purpose of gathering public input with particular attention given to minority and low-income individuals (*continuous*);
- Continue development of datasets for SIMPCO Geographical Information System including roads, traffic counts, trails, trails emergency numeration, and parks (*continuous*);
- Continue to upgrade mapping services and update maps for Region 4 with Geographic Information Systems (*continuous*);
- Utilize Geographical Information System for map production, land use planning, socio-economic data analysis, and traffic model interfacing (*continuous*);
- Utilize Global Positioning Systems (GPS) for map production and bicycle and pedestrian facility planning (*continuous*);
- Make adjustments to planning area boundaries as census data become available;
- Review any necessary changes to the Federal Functional Classification system; and
- Make any additional updates as needed for performance measures.

ANTICIPATED FY 2023 WORK PRODUCTS:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Update maps and continue to provide GIS support to local agencies (*ongoing*);
- Updating the various socio-economic data variables needed for long-range transportation planning (*ongoing*);
- Traffic flow data, etc. which are later to be utilized in the SRTPA LRTP updates (*ongoing*); and
- Amended or revised 2045 SRTPA Long Range Transportation Plan (*as necessary*).
- Updated planning area boundary map; and
- Updated functional classification system map.

Total Hours: 273

Total Federal: \$17,060

Total Local: \$4,265

Total Budget: \$21,324

ELEMENT E: SHORT-RANGE PLANNING 25%

- Transit Planning
- Information Technology
- Geographic Information Systems
- Traffic Counts
- Data Collection
- Air Quality
- Incident Management Planning
- Bike/Pedestrian Planning (Trails)
- Water Trails
- Special Projects

OBJECTIVE:

Carry out ongoing short range planning activities like mapping, ITS architecture implementation, transit planning and congestion mitigation and air quality planning, updating the passenger transportation plan.

FY 2022 ACCOMPLISHMENTS:

- Continue to update and develop datasets for Geographic Information System (GIS) including roads, traffic counts, transit routes, trails and parks;
- Assisted the Iowa DOT in updating the statewide trail map;
- Assist Siouxland Regional Transit System with data collection, maps as requested;
- Assisted member communities with statewide trail applications;
- Worked with Siouxland District Health on projects related to walkability/bikeability and Safe Routes to School in Woodbury County communities;
- Updated and assisted with the rural portion of the Tri-State Traffic Management Team's-Incident Management Plan;
- Submitted the Transportation Advisory Group (TAG) minutes to the Iowa DOT;
- Worked with communities on trail/sidewalk applications and inquires, including the cities of Merville, Lawton, Marcus, Pierson, and Salix
- Worked with Correctionville on TAP application;
- Assisted Monona County with U.S. EDA application to match RISE funds;
- Assisted Cherokee, Woodbury and Monona Counties on water trail planning;
- Assisted Siouxland Regional Transit System with planning activities related to new building facility.

FY 2023 ACTIVITIES:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Monitor and conduct traffic counts, turning movement counts, analyses, scenarios, and forecasts;
- Traffic analysis and studies, along with supplemental Census and state traffic counts may be performed (*as requested*);
- Continue to work on regional bicycle/trail projects;
- Continue to work on water trail planning;
- Attend various workshops, training and conferences (*as necessary*);
- Update and assist with the rural portion of the Tri-State Traffic Management Team's-Incident Management Plan;
- Continue to assist Siouxland Regional Transit System with planning documents, maps, building facility planning and marketing materials as requested;
- Work with member communities on Walking School Bus and Safe Routes to School projects;

- Work with member communities/counties on bicycle/pedestrian/active living transportation planning studies; *(as requested)*
- Assist member communities and counties with statewide applications for funding such as RISE, Federal Recreation Trails Program, RAISE, and Statewide TAP program *(ongoing and as requested)*;
- Submit TAG advisory committee meeting minutes *(June 2023)*
- Work with member communities on corridor planning *(as requested)*;
- Continue on regional trail connections as requested *(ongoing)*; and
- Assist with developing member community's Comprehensive Plan updates *(ongoing)*.

ANTICIPATED FY 2023 WORK PRODUCTS:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Current and relevant short range plans *(ongoing)*; and
- Data/Maps related technical assistance to RPA entities that such as with traffic counts, GIS, census data, etc. *(ongoing)*.

Total Hours: 456

Total Federal: \$28,433

Total Local: \$7,108

Total Budget: \$35,541

ELEMENT F: ADMINISTRATION / SYSTEM MANAGEMENT 18 %

- Interagency Coordination
- Committee Support
- Administration
- Travel and Training

OBJECTIVE :

Carry out the Administrative duties of the SRTPA. Activities include organizing meetings, producing agenda, minutes, committee support, coordination of agencies, and the general administration of the SRTPA. In addition, attend various meetings, conferences, workshops and training.

FY 2022 ACCOMPLISHMENTS :

- Coordination of information with Iowa DOT and other relevant agencies etc.;
- Administered the SRTPA;
- Held six SRTPA Technical Advisory Committee (TAC) meetings and Policy Board meetings; including preparing agendas, minutes and supporting documents;
- Attend relevant meetings such as RPA directors' with the Iowa DOT;
- Held two Transportation Advisory Group (TAG) meetings, including preparing agendas and supporting documents;
- Attended various training workshops including the Iowa American Planning Association (APA) Conference, Pavement Management Workshop, TPMS Training, and a webinar on rural electric mobility infrastructure
- Attended ESRI training workshops/classes;
- Organized meetings with members to talk about transportation services;
- Attended and gave updates at Live Healthy Siouxland meetings;
- Attended the Iowa Association of Councils of Governments (ICOG) staff retreat and participated in sessions relating to transportation;
- Attended several meetings related to the Missouri River including the U.S. Army Corps of Engineers public meetings; and
- Attended Siouxland Regional Transit System meetings.

FY 2023 ACTIVITIES :

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Attend RPA Directors' meeting with the Iowa DOT;
- Organize and hold the Transportation Advisory Group meetings as part of the federally required coordinated planning process with transit agencies and health/human service organizations;
- Conduct Policy Board and Technical Advisory Committee meetings, providing materials, recording minutes, advocating public participation, and otherwise support. Staff will serve as staff to Policy Board and Technical Advisory Committee, and design advisory committees. Committees meet regularly with prepared agendas, minutes, and information needed. Meetings will be publicized through media notices, mailings to lists of interested citizens and associations, and postings on the Internet;
- Information Sharing: Conduct ongoing Policy Board and TAC intergovernmental discussion / coordination of transportation projects while staff conducts ongoing review of issues and data, attends informational meetings and training sessions as needed, and maintains highway facility inventory;
- Continue to attend regional trail meetings as requested;
- Attend various workshops, training and conferences as necessary;
- Continue to meet with member communities and talk about transportation services;
- Continue to participate in Siouxland District Health Wellness Committee and Live Healthy Siouxland meetings;

- Attend the Iowa and/or the Upper Midwest APA, Iowa Association of Councils of Governments (ICOG), Iowa DOT, conferences and trainings;
- Attend various, classes, training, conferences, and workshops;
- Organize GIS Tri- State Users Group meetings;
- Continue to attend Safe Route to School Coalition meetings, and;
- Continue to attend Siouxland Regional Transit System Board of Directors meetings.

ANTICIPATED FY 2023 WORK PRODUCTS:

Unless otherwise noted, SRTPA performs the work on the listed tasks of each work element.

- Meeting agendas, meeting minutes (ongoing).

Total Hours: 328

Total Federal: \$20,471

Total Local: \$5,118

Total Budget: \$25,589

PLANNING PROCESS

SIouxLAND INTERSTATE METROPOLITAN PLANNING COUNCIL

The Siouxland Interstate Metropolitan Planning Council (SIMPCO) functions as the Siouxland Regional Transportation Planning Association, responsible for the submission of transportation planning documents to the FHWA, FTA, Iowa DOT, and public distribution. SIMPCO will work with the SRTPA Policy Board and TAC. Meaningful public involvement will be encouraged and actively sought throughout the planning and development of the area's transportation plans and programs. Area citizens will be provided an opportunity and encouraged comment on every aspect of the transportation planning process through planning meetings, public hearings, and individual correspondence. SIMPCO will facilitate the development of all planning elements for Region 4.

STAFF

The SIMPCO professional staff is available to aid local officials and concerned citizens in implementing various community improvement programs in an overall effort to enhance the area. Staff members encourage and assist local leaders in several programs, with strong emphasis on the benefits of regional cooperation and coordination. The SIMPCO staff involved with transportation planning includes the Executive Director, Finance Director, Regional Planning Director, 4 regional planners, Executive Assistant and Administrative Assistant.

DUTIES

The Executive Director with assistance from the Finance Director, Regional Planning Director, 4 regional planners, Executive Assistant and Administrative Assistant, is responsible for the development and management of transportation activities as outlined in the IIA Act. The Executive Director is the agency's Chief Administrative Officer and Chief Operating Officer and is responsible for the oversight of the agency's activities, acting as its decision-maker and policy coordinator. The Executive Director also coordinates activities of the entire staff and ensures a cohesive outline in order to develop a positive approach to the area transportation planning initiative.

POLICY BOARD

The SRTPA Policy Board will be responsible for establishing and setting policy for the regional planning area's transportation network objectives. The Policy Board will approve the Public Participation Plan (PPP), the Transportation Planning Work Program (TPWP), the Long-Range Transportation Plan (LRTP), the Transportation Improvement Program (TIP), and the Passenger Transportation Plan (PTP) planning elements prior to submittal to the FHWA, FTA, and Iowa DOT.

TECHNICAL ADVISORY COMMITTEE

The SRTPA Technical Advisory Committee (TAC) is responsible for the month-to-month administration of the transportation planning process, providing data and technical assistance necessary for the development, maintenance, and recommendation to the Policy Board of the Public Participation Plan (PPP), the Transportation Planning Work Program (TPWP), the Long-Range Transportation Plan (LRTP), the Transportation Improvement Program (TIP) and the Passenger Transportation Plan (PTP).

Employee Hours								
Activity/Work Element	FTA 5311 New	STBG Carryover	FHWA SPR New	FTA 5311 Carryover	FHWA SPR Carryover	Total Federal Funds	Local Match	Total (Total Federal + Local Match)

Notes:

All FHWA (SPR/STBG) and FTA (5311) planning funds received by SIMPCO through the Iowa DOT require a 20% local match. Overhead costs, estimated at 55.19% of salaries & fringe benefits, are applied consistently to each element and funding source. The average hourly cost of \$78.00 includes wages, benefits, expenses and overhead.

FHWA Statewide Planning & Research program funding is transferred to FTA 5305e funding in a consolidated planning grant application

SIOUXLAND INTERSTATE METROPOLITAN PLANNING COUNCIL (SIMPCO) INDIRECT COST ALLOCATION PLAN

SIOUXLAND INTERSTATE METROPOLITAN PLANNING COUNCIL (SIMPCO) As of 02/18/22 FY 23 INDIRECT COST ALLOCATION PLAN

INDIRECT LABOR	<u>% of Time</u>	<u>FY 23 Salary & Fringe</u>	
Executive Director	30%	60,313	agency & financial management
Finance Director	100%	127,776	purchasing, computer, accounting, hr
Staff Accountant II	80%	61,149	A/P, A/R & general ledger
Senior Accountant	100%	81,997	A/P, A/R & general ledger
Administrative Assistant	90%	69,062	Payroll, Exec Assistant
Building Superintendant	10%	14,174	Mgmt of building issues
Receptionist / Secretary	100%	56,714	phone, mail, word processing
Total Indirect Labor	5.00 FTE	471,185	(a)
INDIRECT NON-LABOR			
Board Meetings		5,000	monthly board meeting costs
Building Lease		14,000	half of the land lease payment for new building
Utility - Lawn - Snow		19,000	utilities, lawn mowing, snow removal
Travel & Training		7,500	travel/training for admin staff
Professional Services		22,569	annual audit & consultant fees
Postage		600	postage machine / fees & mail
Telephone		13,000	phone lines, long dist, & internet
Printing		11,000	copy machine & printers
Office Supplies		8,000	office & computer supplies
Insurance		20,000	liab, fire, auto, errors/omiss insurance
Dues & Subscriptions		7,500	prof. memberships & literature
Purchased Services		30,000	computer software fees / licenses / consult
Advertising		3,000	notices & ads for admin staff
Total Indirect Non-labor		161,169	(b)
TOTAL INDIRECT LABOR & NON-LABOR (a & b)		632,354	
Less: Amount Paid by Other Agencies (SEDC)		19,700	
Total Indirect Labor & Non-Labor		612,654	(c)
FY 20 Excess Indirect Expense (per FY 20 audit) - Carry Forward		-	(d)
Total Salaries & Benefits (All)		1,253,926	(e)
FY 23 Calculated Indirect Cost rate =(c+d) / e)		48.86%	

Indirect costs are allocated to projects, grants, and contracts based on a percentage of salaries and fringe benefits. The total FY 2023 budgeted indirect costs are \$632,354. The amount used for this calculation is the total indirect costs less the amount paid by other agencies or \$612,354. The salaries and fringe benefits are \$1,253,926.

The FY 21 audit conducted by King, Reinsch, Prosser & Co. L.L.P. confirmed that all FY 21 indirect costs were covered by the cost rate in effect for FY 21, therefore no indirect cost is being carried forward from FY 21.

As shown above, the amount needed to cover both the indirect labor and indirect non-labor amounts to an amount of \$612,354 which when allocated over the total salaries and benefits equates to an indirect rate for FY 23 of 48.86%. This is a slight decrease from the indirect of 55.19% approved for FY 22.

AMENDMENTS AND REVIEW

The SRTPA Transportation Planning Work Program FY 2024 is a working document and will be updated and revised as various local, regional, state, and national characteristics, factors, and requirements change, which ultimately affect the transportation network in and around Region 4. The TPWP will be reviewed at least once annually. The review and updating will insure continual citizen involvement and the TPWP's overall viability as Region 4's transportation planning work programming document.

This work program for the transportation planning in the FAST Act requirements of the SRTPA shall be subject to public review for no less than 15 days, announced in the regional newspapers via public notice, and available in every courthouse and city hall in the Regional Planning Affiliation 4. This process shall be approved by both the SRTPA Transportation Advisory Committee and the Policy Board. Amendments to this process shall be made in similar fashion.

2 CFR 200 describes the uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments. These requirements apply to metropolitan planning (PL) and State Planning and Research (SPR) grants. FTA has similar requirements documented in FTA Circular 5010.1C, which apply to FTA metropolitan planning grants. Iowa uses a Consolidated Planning Grant where FHWA and FTA planning funds are combined into a single fund managed through FTA's TRAMS system. The uses of these funds are documented in the work programs of the Iowa DOT, MPOs, and RPAs.

WAIVER OF APPROVALS

All work program changes require prior written Federal approval, unless waived by the awarding agency. [2 CFR 200.308](#) outlines different types of revisions for budget and program plans, and this [FHWA memo](#) summarizes revisions that require prior Federal approval, as well as other miscellaneous actions and allowable costs that require prior Federal approval.

Types of TPWP revisions that require Federal approval include, but are not limited to, the following:

- Request for additional Federal funding.
- Transfers of funds between categories, projects, functions, or activities which exceed 10% of the total work program budget when the Federal share of the budget exceeds \$150,000.
- Revision of the scope or objectives of activities.
- Transferring substantive programmatic work to a third party (consultant).
- Capital expenditures, including the purchasing of equipment.
- Transfer of funds allotted for training allowances.

Types of revisions that require Iowa DOT approval include:

- Transfers of funds between categories, projects, functions, or activities which do not exceed 10% of the total work program budget, or when the Federal share of the budget is less than \$150,000.

Types of revisions that require RPA approval include:

- Revisions related to work that does not involve federal funding.

REVISION AND APPROVAL PROCEDURES

- All revision requests from RPAs should be submitted electronically to the Iowa DOT Systems Planning Bureau, which will be forwarded to the DOT District, FHWA, and FTA for review and any necessary approvals.
 - Revision requests shall, at a minimum, include:
 - A resolution or meeting minutes showing the revision's approval.

- Budget summary table with changes highlighted/noted.
- Modified section(s) of the plan's work elements with changes highlighted/noted.
- Revisions where **FHWA/FTA** is the designated approving agency shall require written approval by FHWA/FTA prior to commencement of activity, purchasing of equipment, or request for reimbursement.
- Revisions where the **Iowa DOT Systems Planning Bureau** is the designated approving agency shall require written approval by the Iowa DOT Systems of Planning Bureau prior to commencement of activity or request for reimbursement.
- Revisions where the **RPA** is the approving agency shall be approved by the Policy Board.
- Notification by the approving agency will be in writing.

S U M M A R Y

The SRTPA has developed this *SRTPA Transportation Planning Work Program FY 2023* utilizing cooperative involvement of various local, regional, state, and national transportation interests. The TPWP expresses the SRTPA objectives for achieving efficient transportation planning in Region 4. The document is multimodal and intermodal in its composition and will enable the transportation interests in Region 4 to utilize it as a guide for future transportation planning and programming.

The Transportation Planning Work Program is a working document and will continually be updated on an annual basis or as the need arises in order to serve as a guiding document of information addressing current and projected transportation needs for Region 4 from a planning perspective. This TPWP will be used as a means of identifying areas of need and developing a means of addressing such. It is also the intent of the document to allow and account for citizen participation and the needs of the various transportation interests of Region 4.

CERTIFICATE OF INDIRECT COST PROPOSAL/INDIRECT COSTS

This is to certify that I have reviewed the indirect cost proposal submitted herewith and to the best of my knowledge and belief:

(1) All costs included in this proposal May 26, 2022 to establish a:

Cost Allocation Plan

Indirect Cost Rate

for July 1, 2023 – June 30, 2024 are allowable in accordance with the requirements of the Federal awards to which they apply and with Subpart E—Cost Principles of Part 200 as they apply to my:

Governmental Organization

Non-Profit Organization

(2) This proposal does not include any costs which are unallowable under Subpart E—Cost Principles of Part 200 such as (without limitation): public relations costs, contributions and donations, entertainment costs, fines and penalties, lobbying costs, and defense of fraud proceedings; and

(3) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the Federal awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

Subject to the provisions of the Program Fraud Civil Remedies Act of 1986, (31 USC 3801 et seq.), and the Department of Labor's implementing regulations, (29 CFR Part 22), the False Claims Act (18 USC 287 and 31 USC 3729); and the False Statement Act (18 USC 1001), I declare to the best of my knowledge that the foregoing is true and correct.

(Signed by the official having the authority to negotiate indirect cost rates for the organization or by a higher level official.)

MPO/RPA SELF-CERTIFICATION OF PROCUREMENT AND CONSULTANT SELECTION PROCEDURES

This is to certify that I have reviewed the [Iowa DOT Purchasing Rules](#) (Iowa Administrative Code 761, Chapter 20) and will ensure procurements or the selection of consultant firms for projects to be reimbursed with federal transportation planning funds will follow the policies and procedures outlined in the above-referenced purchasing rules.

Further, I certify that the following requirements will be adhered to for procurements and consultant services to be reimbursed with federal transportation planning funds.

- Capital expenditures, including the purchase of equipment, will be a separate line item in an approved Transportation Planning Work Program (TPWP) if the anticipated total cost exceeds \$5,000.
- An approved TPWP will specify that a project will involve consultant services prior to initiating the consultant selection process.
- Our agency will document the procedures utilized for the procurement or consultant selection, and will retain this documentation on file for a minimum of three years.
- When reimbursement is requested for capital expenditures or consultant services, we will provide our Iowa DOT District Planner and the Systems Planning Bureau, through email or hard copy, invoices documenting the expenditure(s) at the time the associated reimbursement request is submitted.

I declare to the best of my knowledge and ability that we will adhere to the above requirements.

(Signed by the official having the authority to initiate procurements or consultant selection for the organization or by a higher level official.)

S RTPA RESOLUTION 2022- 4
APPROVAL OF THE FY 2023 TRANSPORTATION PLANNING WORK PROGRAM

WHEREAS, The Siouxland Regional Transportation Planning Affiliation (S RTPA) is the designated Regional Planning Affiliation for the counties of Cherokee, Ida, Monona, Plymouth and Woodbury, and;

WHEREAS, S RTPA, as required transportation planning activities performed with funds provided under title 23 U.S.C. and title 49 U.S.C. Chapter 53 shall be documented in a transportation planning work program (TPWP), or simplified statement of work in accordance with the provisions of this section and 23 CFR part 450 and must annually prepare a document that provides an overview of all purposed major work activities, funding levels and funding sources, and

WHEREAS, The Transportation Planning Work Program for fiscal year 2022, covering the period of July 1, 2022 to June 30, 2023 has been prepared, submitted to the Iowa Department of Transportation, made available for public comment for a fifteen (15) day period and has been reviewed and recommended for adoption by the Technical Advisory Committee of S RTPA, and now requires official approval from the Policy Board of S RTPA.

NOW, THEREFORE, BE IT RESOLVED that the Siouxland Regional Transportation Planning Association Policy Board approves the Transportation Planning Work Program for Fiscal Year 2023.

BE IT FURTHER RESOLVED, that the SIMPCO Board Chairman and the SIMPCO Executive Director are hereby authorized and directed to execute such agreements with Iowa Department of Transportation, on behalf of S RTPA.

Approved by the S RTPA Policy Board and signed this day of May 26, 2022.

Rhett Leonard
